# Mayor Rahn Presents State of the Village Address

On Wednesday, October 12, 2005, Mayor Bill Rahn presented the annual State of the Village Address at Westmont Centre. The event was hosted by the Westmont Chamber of Commerce. In the presentation, Mayor Rahn gave a north-to-south overview of our Village. Following are some of the highlights.

**REORGANIZATION OF DEPARTMENTS** - Just over a year ago, the Village reorganized the structure of our municipality. The departments of the Village include Administration, Finance, Economic Development, Public Works, Police, and Fire. Various divisions within the Village are included within these departments. This restructuring has greatly improved the communication within our Village municipal government. In addition, the Village has initiated a cross-training program between departments so that staff can better understand the various roles within our Village government.

**OAKWOOD SIDEWALKS** - This project has taken numerous years to complete due to difficulties in securing use of the right of way so that a sidewalk from Oakwood Subdivision to St. James Crossing could be completed, however, this project has now been finished and the sidewalks are being used by our residents.

**CAR DEALERSHIPS** - The car dealerships in Westmont on Ogden Avenue are the primary sales tax revenue resource in our Village. Though there has been a dip in this revenue in the past few years, the Village has worked cooperatively with our car dealerships so that they can grow their businesses and continue to provide Westmont with one of the lowest property tax rates in DuPage County.

**NAPERVILLE ROAD RECONSTRUCTION** - The construction project on Naperville Road/Chicago Avenue has begun and will continue for the next couple of years. Businesses and residents are asked to be patient during this time with the understanding that when the project is complete, Naperville Road and Chicago Avenue will be a much improved roadway for years to come. The community is encouraged to continue patronage of the businesses along Naperville/Chicago during construction.

**DOWNTOWN DEVELOPMENT** - Development in our downtown continues to move forward in a positive direction. Though there have been concerns raised regarding the

perceived slow speed of some of the projects, the Village encourages the community to be patient during this time and focus on the benefit of these developments compared to previously undeveloped properties. The Village continues to look to the future prosperity of our community by soliciting multi-unit developments in our downtown area to benefit our businesses and the use of our public transportation system.

***“Westmont is a friendly,  
approachable community.  
We have become a very  
desirable place for people to  
live and conduct business.”***

**William Rahn**  
Mayor of Westmont

Traffic through our downtown during peak travel hours continues to be an issue without resolve. An overpass is often suggested as a possibility, but the Village understands that this would severely hurt our downtown business community and is therefore an unreasonable solution in and of itself. The Village encourages people to forward their ideas to the Board regarding this matter.

The Village continues to investigate parking issues in our downtown. As our businesses continue to grow so does the need for parking. The Village has developed a policy as well as acquired property to address the parking needs of our downtown businesses.

**55<sup>th</sup> STREET RECONSTRUCTION** - Thanks to the support of our local elected officials including Judy Biggert, State Senator Kirk Dillard and State Representative Patty Bellock, funding has been secured for the complete reconstruction of 55<sup>th</sup> Street. This is another project that will require the patience of the community while work is being completed.

**SOUTH BUSINESS DISTRICT** - The South Business District including business areas around 63<sup>rd</sup> and Cass Avenue has now been in existence for just over a year. Conceptually, the Village has made much progress in its interest to attract and secure a major business retailer to the area. In addition,

several residential developments that complement this business district have been approved and are on their way to completion.

**SUMMARY** - Mayor Rahn complemented the continued positive relationship between the Village municipal government and the other taxing bodies of the community. “Westmont is a friendly, approachable community,” says Rahn. “We have worked hard to manage development and balance the progress of our community with the existing character of our Village. We have become a very desirable place for people to live and conduct their business.”

# Village Government

The Village of Westmont is an incorporated municipality under the laws of the State of Illinois. The governing and policy-making body of the Village consists of a Village Mayor and six Trustees elected on an at-large basis for overlapping terms. The Mayor and Board appoint a full-time Village Manager to supervise the operations of Village departments. The Mayor also serves as the Village Liquor Commissioner.

In addition to appointing the Manager, the Board is responsible for the approval of an annual budget and the adoption of ordinances to provide for the peace, health, safety, and general welfare of the community and all of its citizens.

The Village Board meets for its twice-monthly Board Meeting on the first and third Monday of each month. The Board also meets on Thursdays prior to Monday Board Meetings for their Committee of the Whole Meeting. Meetings are held at the Westmont Village Hall, 31 W. Quincy Street, beginning at 7:30 p.m.

## Village Manager

The Village Manager provides the administrative management for the Village Government. The Manager's Office translates policy as determined by the Village Board into operating programs for the various municipal departments. The Manager assists the Board in the development of policy through research reports and other data sources. The Village Manager's Office also provides the personnel, risk management, and insurance services for all Village Departments.

## Village Clerk

The Office of the Village Clerk is responsible for a host of record keeping and licensing programs. On a routine basis, the Village Clerk's office records the official minutes of Village Board Meetings, acts as secretary to the Mayor and the Village Board, provides for the publishing of all new Village ordinances and their systematic inclusion in the Municipal Code Book, and maintains other official Village records.

## WASTE HAULING CONTRACT UNDER NEGOTIATION

### Program Changes May Occur With New Contract

Through early 2006, the Village of Westmont will be evaluating whether or not to extend the current waste hauling contract with Waste Management. Until a new contract is adopted, the Village will continue its current service and rate structure. Adoption of a new contract is expected no later than May 2006.

It is very important for residents to be aware that once the new contract is in place, there may be changes to the current waste hauling program. These changes may include types of waste hauling services offered, cost for services, and company providing waste hauling services.

Once a new contract has been adopted, the Village of Westmont will promote all aspects of the new contract to the community. Information will be published in the weekly Community Column, in the Village Newsletter, on the Village Website, and on Cable Channel 6.

All information in this calendar in regard to Westmont's Waste Hauling Program refers to the current contract. Be advised that much of this information may no longer be accurate once the new contract is adopted.

# Solid Waste

## Waste Hauling Contract Negotiation

The Village of Westmont is currently in negotiation for a new waste hauling contract. A new contract is expected to be in place by May 2006. **Once the new contract is adopted, there will most likely be changes to the current program. ## Solid Waste Stickers

The current Westmont Solid Waste Program basic service allows residents to put out up to two cans or bags of garbage each week. **The cost for each additional can of garbage beyond the first two is the responsibility of the homeowner. Each additional can/bag of garbage requires a Westmont Refuse Sticker to be placed upon it. Westmont Refuse Stickers are burgundy in color and cost \$1.32 each.** Following are the current locations that sell Westmont Refuse Stickers: **Bales Hardware**, 20 E. Quincy; **Jewel-Osco**, Cass & Ogden, Cass & 75<sup>th</sup>, Holmes & 55<sup>th</sup>; **Westbrook Market**, Cass & 63<sup>rd</sup>; **Village Hall**, 31 W. Quincy

In addition to the weekly two-can basic waste hauling service, **residents are allowed to put out one large item each week free of charge.** The large item, which includes small furniture, does not need a sticker. Additional large items would require a sticker. **Some items are not accepted, such as appliances, "white goods" (items containing environmentally hazardous refrigerants), hide-a-bed couches, and water heaters. For these items, call 1-800-796-9696 to make arrangements for a special pickup at an additional fee.**

## Pickup Schedule

Westmont provides a comprehensive solid waste collection program for its residents. Three collection vehicles collect materials on each pickup day. One truck picks up garbage, another picks up yard waste, and the third collects recyclables. The Village contracts for these services with Waste Management. Pickups are made once per week in each quadrant of the Village. Wednesdays are reserved for commercial/business pickups. Residents should place their garbage, recyclables, and yard waste out for pickup on the evening before their collection day. For more information, call Waste Management at 1-800-796-9696.

## Holiday Pickup

In 2006, there will be five holidays on which garbage, recycling, and yard waste will not be collected, thus affecting the collection services during the week on which the holiday occurs. Those holidays are as follows:

**Memorial Day** • Mon., May 29  
**Independence Day** • Tue., July 4  
**Labor Day** • Mon., Sept. 4  
**Thanksgiving** • Thur., Nov. 23  
**New Year's 2007** • Mon., Jan. 1

During these weeks, collections will be made one day late from the observed holiday on through the end of the week, with the final pickup day being Saturday.

# Recycling

## Residential Program

The Village of Westmont provides a comprehensive recycling program for its residents. Residents may use the 18-gallon recycling bins that are available through Waste Management, or they may use their own containers as long as they are clearly marked "recycling". There is no limit to the amount of recyclable materials that residents can put out for pick up. The more residents recycle, the more they save. Preparation and pickup information is listed at right.

## Commercial Program

The Westmont Commercial Recycling Program offers free weekly pick-up of recyclables for all businesses in Westmont. The Westmont Commercial Recycling Program allows businesses to put out up to four 18-gallon recycling bins per week. If your business produces more than four 18-gallon bins of recyclable materials per week, then please contact Waste Management at 1-800-796-9696 to discuss recycling options.

## Multi-Unit Program

The Village of Westmont recently instituted a new recycling program for multi-unit buildings. This mandatory program guarantees that residents who live in townhomes, condominiums, and apartments will have the opportunity to recycle. The multi-unit Recycling Program follows the same recycling procedures as the Residential Program. If your building does not offer recycling, please contact your management to alert them of this program. If you need further assistance, contact Bob Fleck at (630) 969-8080.

*In 2005, the Westmont Public Works Department initiated and/or completed several community projects that will assist with pedestrian safety. In downtown Westmont, pedestrian crossings (pictured here) were installed on Cass Avenue on the north and south sides of the commuter train tracks. On the north side of town, a sidewalk from Oakwood Subdivision to Pasquinelli Drive was completed.*

## **WINTER SERVICES**

### **Snow Removal**

Prompt removal of snow is important. The first priority of our Street Division is to keep all main streets open for emergency vehicles and residential use. Once this has been accomplished, then residential streets are plowed, followed by dead-end streets and cul-de-sacs. Finally, alleys are plowed.

After an accumulation of two or more inches of snow, parking is prohibited on any street for a period of eight hours after the snow has stopped falling. If snow removal is still needed after the eight hour period, parking is prohibited until operations are completed.

We ask all residents to help in the effort and not clear their driveways by returning snow to the street. Our objective is to maintain a safe and snow-free road system.

For more information, contact the Westmont Street Division at (630) 829-4470.

### **Christmas Tree Pick-Up**

Christmas Trees are picked up during the first two full weeks of the new year, through Jan. 15. Trees should be put out along with your other refuse on your regular garbage pick-up day. Trees left at the curb or alley after Jan. 15 will be considered litter and are subject to a fine. For more info, contact Waste Management at 1-800-796-9696.

## Citizens Police & Jr. Police Academy and Citizens Fire Academy Programs

Westmont residents have many opportunities to get involved with our Police and Fire Departments. Each department offers various citizen training programs so that residents can learn more about the emergency services of our community.

The second Junior Citizens Police Academy will begin Friday, Jan. 27, 6:30 p.m. The six-week program will be held at the Police Station. This academy is available to 6-8<sup>th</sup> grade students. Parent/Guardian permission is required. The adult Citizens Police Academy will begin on Wed., March 15 and meet weekly through graduation on May 20. All classes are held Wednesday evenings from 6:30-9:00 p.m. at the Police Station.

The Westmont Citizens Fire Academy will begin on March 1. The program introduces residents to the many duties and services that are provided by the Westmont Fire Department. The CFA is an excellent public relations tool for the Fire Department as residents learn about the responsibilities of the Department and gain an understanding of the work environment. The Citizens Fire Academy is open to all people who live and/or work in the Village of Westmont. In the fall, the Fire Dept. hosts the CERT Program, Citizens Emergency Response Training.

These programs offer alumni association opportunities for academy graduates who wish to continue their training and involvement. The Alumni Associations meet regularly, coordinate programs, host fundraising drives, and provide valuable civilian assistance to our Police and Fire Departments. The Citizens Police Academy website is [wcpaa.tripod.com](http://wcpaa.tripod.com), and the CERT website is [certwestmont.tripod.com](http://certwestmont.tripod.com). # Environment

## Yard Waste Alternatives

The disposal of yard waste can be both time consuming and costly. Westmont's Environmental Improvement Commission has estimated that the average household spends about \$180 per year on the disposal of yard waste material. The E.I.C. would like to suggest two alternatives for dealing with yard waste: **Mulching your lawn clippings** and leaving them on your yard for fertilizer, and **composting your leaves and grass clippings**.

## Yard Waste Program

For residents who are unable to manage their yard waste on their own property, the Village provides a Yard Waste Collection Program, which is picked up by Waste Management with your regular garbage. **The Yard Waste Program runs from April 1 through Nov. 30 only. The program requires residents to use a Westmont Yard Waste Sticker, which must be affixed to generic yard waste paper bags, or through the handles of regular garbage cans and waste receptacles. Garbage cans and waste containers up to 33 gallons are acceptable. Plastic bags are not acceptable.** This method of identifying yard waste is easy for pickups, uncomplicated and nonrestrictive for residents who are able to use their regular garbage containers, and convenient for merchants who sell the yard waste stickers. **Westmont Yard Waste Stickers are green in color and cost \$2.33 each. Rates are subject to change with the new Waste Hauling Contract in 2006.**

Following are the locations that sell Westmont Yard Waste Stickers: **Bales Lumber**, 20 E. Quincy; **Jewel-Osco**, Cass & Ogden; 75<sup>th</sup> & Cass, Darien; 55<sup>th</sup> & Holmes, CH; **Westbrook Market**, Cass & 63<sup>rd</sup>, and **Westmont Village Hall**, 31 W. Quincy. Be sure to not confuse Yard Waste Stickers with Refuse Stickers. **Refuse Stickers, which are burgundy in color and cost \$1.32 each, are strictly for refuse disposal that is beyond the weekly two can limit.**

## Brush Pickup Program

The Village of Westmont provides brush pickup for residents. This program is for single family residential properties. Collection is not provided for business, commercial, multi-units or other income properties. Brush should be cut to four-foot lengths and either stacked neatly on the parkway with the thick ends closest to the street or in medium-sized bundles tied with rope or string. Do not use wire. Logs not exceeding six inches in diameter and under three feet in length will also be picked up. **Stumps, leaves, grass, lawn clippings, and building materials are examples of items that will not be picked up by the brush pickup program.** Brush pickup regulations are strictly enforced to reduce the risk of injury to Village workers. **Brush should be placed on the parkway in front of your residence on Sunday evening prior to your quadrants scheduled pickup.** During scheduled pickup on which Monday is an observed Village holiday, brush pickup will begin on the next business day. Brush on the parkway at times other than during your scheduled pickup time will be considered litter and is subject to a fine. **There will be no special pickups.** Brush pickup quadrants as well as the spring and fall pickup schedules are listed below. If you have any questions regarding Brush Pickup, call the Street Division at (630) 829-4470.

*July 14 - 16*

Last year's Taste of Westmont was a record-breaking year! The Taste celebrated its 10<sup>th</sup> Anniversary with the opening of the Muddy Waters Historical Exhibit and a Blues Music Tribute to be remembered! Plans are underway to make the 2006 edition the best ever! Each year, the Taste draws over 30,000 people into the community for the 3-day event. The Taste features great music, great food, an all-ages carnival, local artists, and more. Main Stage music is free to the public. This event is coordinated by the volunteers of the Westmont Special Events Corporation, so if you're interested in meeting new people and having fun, then we'd love to hear from you. For more information, contact the WSEC at (630) 829-WEST.

## LIBRARY OPEN ON SUNDAYS

Beginning in 2005, the Westmont Public Library began offering Sunday hours for patrons. Please stop by and visit WPL from 1 to 5 p.m. on Sundays!

The Westmont Public Library has over 90,000 volumes: books, CDs, videos and DVDs, plus access to more than a million more in the Metropolitan Library System, and 52 million more within the State of Illinois and the United States.

In 2005 WPL joined several area libraries in **The Big Read**. Last year, the Big Read consisted of ten communities reading the same book and taking an in-depth look at the literature and its meaning. Call

the WPL for details on this year's Big Read, *Seabiscuit* by Laura Hillenbrand.

WPL also hosts a **Book Discussion Group** on the 4<sup>th</sup> Monday of each month as well as special book discussions throughout the year.

For Youth, the Library offers **storytimes** several times a week during the Spring, Summer and Fall. The Friends of WPL sponsor youth programs throughout the year.

Over the past couple of years, the Library has held several **Music @ Your Library Concerts**. Look for promotion of these events in the local newspaper as well as on the WPL website.

The Library has various **computer opportunities** including 15 public

computer stations with Internet access available free to any Illinois library cardholder. WPL also has WiFi access for wireless users. Computer and Internet instruction is offered throughout the year by appointment.

Check out the Library's website at [www.westmontlibrary.org](http://www.westmontlibrary.org) for more information on events, programs and services, useful links, access to the library's catalog, and the ability to reserve and renew library items. You can also use a number of resources from your home computer such as *Learning Express* that offers practice versions of most standardized tests or *BookLetters* that brings reading lists and author interviews right to your e-mail. Have your library card handy!

Also, Library Board Meetings are now recorded and played back on cable channel 16. For playback times, check the program schedule on channel 16.

For more programming information a monthly newsletter is available at the Library or via e-mail. Just visit our web site.

**STOP BY AND EXPLORE

## CERT Program

This will be the third year for our CERT Program (Citizens Emergency Response Team). This program specifically trains residents how to respond with assistance on behalf of the Village to various types of emergencies.

Last year, CERT volunteers travelled to Atlanta to assist with the processing of emergency relief for the State of Florida during the hurricanes.

In 2005, the CERT Program will begin on Sept. 7. If you are interested in learning more about this program and the valuable skills taught at the classes, contact Deputy Fire Chief Dave Weiss at 829-4480.

You can also check out the CERT website at [certwestmont.tripod.com](http://certwestmont.tripod.com).

## Fire Department

The Westmont Fire Department consists of two stations located on the north and south sides of the community. Station #2, which is part of the Police/Fire Facility at 500 N. Cass, is staffed with five firefighters/paramedics.

The Fire Department Headquarters is located at 6015 S. Cass and is staffed with eight firefighters/paramedics and one duty officer. HQ also provides offices for Westmont's Emergency Management Agency. The Fire Dept. has earned international accreditation, which certifies Westmont's firefighting/paramedic service as having achieved the highest of standards in regard to emergency readiness.

## Police Department

The Westmont Police Station is located at 500 N. Cass Ave.

The Westmont Police Department consists of 44 sworn Officers and 15 civilian personnel.

## Fire Department Open House

In conjunction with National Fire Safety Week, the Westmont Fire Department will host an open house at its Headquarters, 6015 S. Cass, on Tuesday, Oct. 10. Fire safety activities and displays will be featured at the event. Young people can learn fire safety during a tour of the children's fire safety house.

## Silent Parade

Each year, the Westmont Fire Department participates in a silent parade that pays tribute to the firefighters and civilians who have lost their lives due to fire. This year's event will take place on Friday, October 13, around 7 p.m. The parade features a solemn procession of fire department vehicles from several surrounding communities. Vehicles will display lights only; No sirens will be sounded. Residents are invited to assemble along Chicago Avenue/ Naperville Road, where they may view the parade and pay tribute by holding a flashlight as the cortege passes.

**For more information, call the Westmont Fire Department at (630) 829-4480.**

Westmont benefits from a number of public transportation options that provide residents with the opportunity of traveling from Westmont to virtually any destination within the Chicagoland area and beyond. All public transportation fares vary depending on destination and possible rate discounts. The RTA (Regional Transit Authority) provides the entire Chicagoland area with public transportation service. The RTA is made up of three bodies: Metra, PACE, and the CTA.

## Metra

Metra train service connects suburban communities to downtown Chicago. The Metra train route that travels through Westmont is the Burlington-Northern-Santa Fe line, which runs as far west as Aurora and as far east as downtown Chicago. The Westmont Train Depot is located on Quincy Street, just west of Cass Avenue. In Chicago, Metra connects with Amtrak Train Service at Union Station, which provides travel throughout the country.

## PACE

PACE is the suburban bus service that provides a number of routes for local residents. Most of the routes are designed to transport area residents to and from Metra train stations. Other routes provide transportation to popular destinations such as shopping centers, government facilities, and schools.

**For more info regarding routes, travel times and fares, call the Regional Transit Authority at (630) 836-7000 or visit their website at [www.metrarail.com](http://www.metrarail.com)**

## CTA

The Chicago Transit Authority is the bus and elevated train service that runs throughout the city of Chicago and its immediate suburbs. CTA routes can be picked up from the downtown Chicago Metra, either directly or by transfer.

## Halloween Events

Each year, hundreds of little ghosts, super-heros, and fair maidens attend the **Trick-or-Treat Trail**. Hosted by the Westmont Chamber, the event invites children to go trick-or-treating in the safe environment of our downtown business district. This year's event will be held on Saturday, Oct. 28, from 11:30 a.m. - 1:30 p.m. Contests and special surprises will be in store.

On Halloween night, the Park District's **Halloween Fun Fair** will be held at the Westmont Community Center, 75 E. Richmond Street. Games and activities will be scheduled from 6-8 p.m. The costume contest will begin at 8 p.m. Admission is free while each game costs a quarter to play. Prizes and treats are awarded at each game.

**For traditional door-to-door trick-or-treaters, the Westmont Police Department recommends that children be supervised by parents, travel in groups, and end their evening by 7 p.m.**

The Fun Fair provides a wonderful opportunity for trick-or-treaters to experience the fun of Halloween without having to be on the streets after dark. The entire family is welcome to attend. One of the costume contest categories is "Best Family Costume". For more info, call the Park District at 969-8080.

## Veteran's Day *November 11*

The American Legion and the VFW, along with the Westmont Park District, will hold a Veteran's Day Ceremony at Ty Warner Park. The Village encourages the entire community to attend this event in honor of our veterans. Look for details in the November-December issue of the Village Newsletter.

## Westmont Holly Days

The Village of Westmont becomes quite festive as the holiday season approaches. Join us for our annual Westmont Holly Days, which offers fun for the whole family.

The Westmont Holly Days celebration begins with the **Holly Days Gift Bazaar and Tree Decorating Day on Sunday, Nov. 19**, which takes place at the Park District Community Center and Veterans Memorial Park, 75 E. Richmond.

**The Holly Days Opening Ceremony will be held on Friday, Nov. 24**, the day after Thanksgiving. The downtown area will be full of excitement with the main attraction being the Frosty & Friends Night Parade and the official lighting of the Holly Days Tree. After the Tree Lighting, families can visit with Santa at Westmont Centre.

The day after the Opening Ceremony, be sure to get to bed early so you can wake up and participate in the **Family 5K Walk/Run on Saturday, Nov. 25**.

In December, stop by the Park District to visit **Santa's Workshop on Saturday evenings**. While there, go for a hayride and enjoy the exhibits at the Gregg House Museum.

For more information, look for the Holly Days brochure, distributed to all Westmont residents during November, or call the Westmont Park District at (630) 963-5252 or visit [www.wpd4fun.org](http://www.wpd4fun.org).

# Holly Days

## TREE WALK

The Holly Days Tree Walk is open every evening through the end of December. The Tree Walk, located at Veterans Memorial Park, is a magical display of lights and beautifully-decorated holiday trees.

Spectators are invited to take a stroll through the park, or you can enjoy the scenery by horse-drawn wagon on Saturday evenings.

## KEEP THE WREATH RED

Each holiday season, fire tragedy strikes. The Westmont Fire Department warns citizens to be proactive in their approach to fire safety to ensure a safe and happy holiday.

The "Keep the Wreath Red" Program serves as a reminder to local residents to practice fire safety in the home. For each fire during the month of December, the Westmont Fire Dept. will remove one light from its red bulb wreath. If our community can "Keep the Wreath Red", then we know that everyone is safe.

**Westmont Holly Days** is an award-winning festival of special activities planned throughout the holiday season. Some of the Holly Days events include **caroling & bonfire get-togethers**, the **Holly Days Home and Business Decorating Contest**, **Santa's Workshop** (where children can talk with the big guy in red), **horse-drawn wagon rides**, **special breakfast and lunchtime activities to meet Santa and his friends**, **Polar Express Trips**, a **Family 5K Run**, and much more.

For more information, look for details in your **Holly Days Brochure**, published in November, or check the Park District Website at [www.wpd4fun.org](http://www.wpd4fun.org) or call the Park District at (630) 963-5252.

# Westmont Centre

Westmont Centre, located at One South Cass Avenue, provides a home for the Village's economic development and special event activities, offices for our State elected officials, as well as a downtown focal point for the community.

The Westmont Economic Development Department, Westmont Chamber of Commerce, and the Westmont Special Events Corporation (WSEC) have offices on the first floor of Westmont Centre. The WSEC office also houses the Muddy Waters Historical Exhibit.

The lower level of Westmont Centre offers a public meeting area and has an archival office for the Westmont Historical Society.

The offices for State Senator Kirk Dillard and State Representative Patricia Bellock are located on the second floor of Westmont Centre.

Westmont Centre is a unique facility that combines the elements of commerce, volunteerism and government.

## WINTER SERVICES

### Snow Removal

Prompt removal of snow is important. The first priority of our Street Division is to keep all main streets open for emergency vehicles and residential use. Once this has been accomplished, then residential streets are plowed, followed by dead-end streets and cul-de-sacs. Finally, alleys are plowed.

After an accumulation of two or more inches of snow, parking is prohibited on any street for a period of eight hours after the snow has stopped falling. If snow removal is still needed after the eight hour period, parking is prohibited until operations are completed.

We ask all residents to help in the effort and not clear their driveways by returning snow to the street. Our objective is to maintain a safe and snow-free road system. For more information, contact the Westmont Street Division at (630) 829-4470.

### Christmas Tree Pick-Up

Christmas Trees are picked up during the first two full weeks of the new year. Trees should be put out along with your other refuse on your regular garbage pick-up day. Trees left at the curb or alley after the first two full weeks of the month will be considered litter and is subject to penalties. For more information, contact Waste Management at 1-800-796-9696.

# Important Info

## Sprinkling Restrictions

**Village lawn sprinkling restrictions begin on May 15 and extend through September 15.**

As outlined by Village Ordinance, homes with even-numbered addresses may water their lawns only on even-numbered dates of the month while homes with odd-numbered addresses may water their lawns only on odd-numbered dates. The hours allowed for sprinkling on authorized days are 7-11 a.m. and 7-11 p.m. Hand watering is always allowed. Lawn sprinkling restrictions are enforced by the Westmont Police Department. Fines may result from ordinance violation.

## Parking Regulations

No overnight parking is allowed on Village streets from 2-6 a.m. unless marked otherwise. During other hours, no parking is allowed on the west side of north/south streets, and on the south side of east/west streets. ## Westmont Post Office

5707 S. Cass  
(630) 968-0855

## The Power Is Out Should I Call 9-1-1?

Should you call the Police or Fire Department when your power goes out? The answer is: Probably not. The Westmont Police and Fire Departments would like to remind residents that they have no control over power outages. ComEd is normally aware of power losses when they occur and does everything possible to bring power back as soon as possible. During power outages, the Police and Fire Departments receive numerous calls of inquiry, but they do not have any answers since they don't control the power. If you need to contact someone regarding a power outage, call ComEd at 1-800-334-7661.

The Police & Fire Departments often receive phone calls from residents when the tornado siren activates. **If the siren sounds, that means a TORNADO HAS BEEN SIGHTED IN THE AREA. Seek shelter immediately!** Stay tuned to your radio and television to find out when the National Weather Service advises that the threat of severe weather is over.

By calling the Police/Fire Departments with informational-type calls during a potential crisis situation, you may be preventing a real emergency call from getting through. **Of course, if a power outage or severe weather has created an emergency situation of which you are aware, then call 9-1-1 immediately.**

## Mosquito Abatement

The Village contracts the services of Clarke Environmental Mosquito Management to help control mosquito nuisance. The objectives of the program are to reduce the potential of mosquito-borne disease transmission and provide a comfortable and healthy atmosphere for residents. Environmentally sensitive and effective mosquito control is accomplished through larval site and adult mosquito monitoring, biological control (such as the utilization of specific fish species), and the careful use of Federal E.P.A. pesticides. Residents are encouraged to report standing water that could develop larvae and excessive mosquito annoyance conditions. **To report a mosquito problem, call the Clarke Mosquito Management Hotline at 1-800-942-2555.**

# Important Info

## Building/Zoning Variances

If a resident or builder wants to file for a building/zoning variance, they must do the following: contact the Director of Building & Zoning regarding the variance, fill out a variance application request (which costs \$250 or \$500 depending on the zoning district), and then make a presentation regarding the variance to the Planning & Zoning Commission. The Planning & Zoning Commission is an advisory body that makes recommendations to the Village Board regarding variances. Ultimately, the Village Board is responsible for granting all building and zoning variances. **Also, building permits are required for nearly all types of construction including home additions, garages, air-conditioning units, fences, decks, sheds, driveways, re-roofing, electrical alterations, and plumbing changes. Inspections are made to ensure proper construction and installation. For more information, call the Building and Zoning Division at (630) 829-4408.**

## Building Code Enforcement

The Village Code Enforcement Officer is responsible for identifying and responding to code violations in the community. Many of the issues addressed by our Code Enforcement Officer relate to nuisances. Some of the common complaints received include issues regarding trash (both residential and commercial), placing of private property in the public right of way, weeds, building without permits, building permit expiration, abandoned vehicles, health and safety issues, sign ordinance violations (both commercial and residential), brush pickup program violations, fence violations, and more.

Code enforcement concerns should be directed to the Village Switchboard at (630) 829-4400. At that time, a service request is made and forwarded to the Code Enforcement Officer who will then make arrangements to investigate the complaint. Calls regarding code enforcement can be made anonymously.

## Westmont Bicycle Routes

In 2001, the Village approved the creation of a Westmont Bicycle Routes system. The goal of the project was to develop routes to and from various parks and facilities so that cyclists could travel throughout the community more safely. The Westmont Bike Routes also connect Westmont with the bicycle travel networks of other communities.

**The Bike Routes Map has been created and is available through the Village Engineering Office. This map is also listed on the Village website.** To further help cyclists find their way, the Westmont Street Division has placed bike route signage throughout the village.

**It is important to understand that these "routes" are not the same as bike paths.** Routes consist of recommended courses on which cyclists can travel more safely. All of the routes in Westmont will be clearly marked with signage. Westmont does not have any bike "paths", which consist of designated lanes for cyclists. The Westmont Police Department sponsors a bicycle safety and registration program at its annual Open House. For more information, contact the Police Department at (630) 968-2151.

## Tornado Information

There is no such thing as "tornado season" - Tornadoes can occur any time of year. Tornadoes are one of the most furious and destructive forces of nature. By learning a few simple facts, you can keep disaster from catching you unprepared.

**BEFORE** - When skies look threatening, listen to the radio. The National Weather Service is usually able to give adequate warning of violent weather conditions. Be ready to take cover.

**DURING** - Continue to listen to the radio. A Tornado **WATCH** means tornadoes may be expected to develop. A Tornado **WARNING** means a tornado has actually been sighted. Take cover in the basement. If there is no basement, take cover in a small, interior room without windows.

**AFTER** - Closely inspect your property for damage. Report gas leaks or electrical damage immediately. Notify relatives of your safety. Limit phone calls to one minute to ensure not tying up the phone lines.
